

# LOW HALL

## Directions

### Traveling north on the M6

If you are coming up the M6 from the south, come off at junction 39 and take the A6 north through Shap, take a right hand turn sign posted for Newby and Morland. Drive .94 of a mile, crossing the bridge over the M6, and take the next turning to the left, the sign post shows Little Strickland. Drive into the hamlet, at the fork in the road before the Church take the right hand turn, for Great Strickland, our Low Hall sign shows at the end of the Church yard above the wall.

As soon as you turn, turn again to the right, up the track immediately to the right hand side of the green village hall. Low Hall is at the top of the track. On arrival to Low Hall, guest parking is provided to the right hand side of the drive by the hedge, as you pass over the cattle grid.

### Traveling south on the M6

If you are coming from junction 40 off the M6, take the second exit from the roundabout for the A66 in the Penrith/Brough direction. Once off the roundabout get into the right hand lane. At the Kemplay Roundabout (next/second roundabout) take the fourth turning towards Shap A6, continue through Clifton and Hackthorpe and then proceed as noted below. Two miles beyond Hackthorpe take the left hand turn, signed to Little Strickland. (This lane is known as "The Narrows" there are frequent passing places, however, if you would rather avoid it, stay on the A6 and take the next left hand turning for Morland and follow the final section of the directions noted above).

Enter the hamlet with the Church on your left. Turn left at the far end of the graveyard, for Great Strickland, (our Low Hall sign shows at the end of the Church yard above the wall) and immediately turn right up the track to the right hand side of the green village hall. Again Low hall is at the top of the track. On arrival to Low Hall, guest parking is provided to the right hand side of the drive by the hedge, as you pass over the cattle grid.
